

Prepare Your Beds for Fall Planting

Let's start the Fall Season right! As we begin preparing for the fall season start researching the types of plants you would like to grow in your garden. Below you will find a list of plants that will grow in this fall months. Be sure to check and follow up on when to begin planting seeds. Attached you will find an article from Urban Harvest: Planning the Early Fall Vegetable Garden. Begin reading these tips and tricks to having a successful garden. Attached you will also find a list of vegetable varieties that grow well in Harris County from the Texas A&M AgriLife Extension. Ask yourself these questions: When do I plant the seeds for this vegetable? What kind of care must I give them when transplanting? When is the best time to harvest the vegetables? If you do not know the answer to these questions, feel free to ask a gardening expert! We can put you in contact with one right away!
