

## El Centro de Corazón *Quality Health Care*

### East End Holiday Event

Your sponsorship will ensure the success of the event and allow you to invest in your community!

Christmas is a time for celebration. But many in Houston's East End don't get to experience the incredible blessings that most of us take for granted. You can change that this year by opening your heart to touch the life of a young child. Selected elementary-aged children from local East End schools and community families are treated to a fun-filled morning, refreshments, and gifts. El Centro de Corazón's annual East End Holiday Event is only possible through the generosity of businesses, organizations, and people like you. The need is great and every gift, large or small, helps.

All proceeds go to the families we help. If you are interested in sponsoring this event or donating toys, please contact Obed Canjura (832) 494-1772 or Cynthia Resendiz (713) 660-1880 ext. 1214.

Thank you for your support!
